GENERAL INFORMATION

WORKERS' COMPENSATION CLAIMS ADMINISTRATION

Cobb County Government's self-funded workers' compensation program has been in existence since March 1, 1980. The program operates on the County's fiscal year from October through September. Coverage is provided for all full and part time workers in accordance with Georgia law; specific excess coverage is currently in place above retention of \$650,000 through Georgia Workers' Compensation statutory requirements. No volunteer firemen or police officers are acting on behalf of Cobb County. Cobb County does have limited volunteers in some departments.

Claims adjusting services have been provided to the program by a contracted third party administrator since the inception of the self-funded program. The Human Resources Department is responsible for budgeting and monitoring the program and the office of the County Attorney and contracted outside parties provide legal support. Currently, funds for claims are transferred to the third party administrator on a weekly basis. Details of payment procedures will be determined with the successful bidder.

In keeping with the policy of business-like administration of the public monies entrusted to it, Cobb County Government will consider proposals for administration of its self-funded workers' compensation program.

Accordingly, these specifications have been prepared for the use of interested parties in developing their proposals. Response sheets are included for use in presenting the proposal. The response sheets are mandatory; however, any other additional information may be submitted as well.

Work to be performed will include the handling of claims that are open at the time the contract is awarded.

.

The proposer shall give notice in writing of his claim of right to withdraw his proposal without penalty due to an error within two (2) business days (48 hours) after the conclusion of the proposal opening. Proposals may be withdrawn from consideration if the price was substantially lower than the other proposals due solely to a mistake therein, provided the proposal was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of the proposal, which unintentional arithmetic or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the proposal sought to be withdrawn. The proposer's original work papers shall be the sole acceptable evidence of error and mistake if he elects to withdraw his proposal. If a proposal is withdrawn under the authority of this provision, the lowest remaining responsive proposal shall be deemed to be low proposal. Proposal withdrawal is not automatically granted and will be allowed solely at the discretion of Cobb County.

No proposer who is permitted to withdraw a proposal shall, for compensation, supply any material or labor or perform any subcontract or other work agreement for the person or firm to

Unless the F.O.B. clause states otherwise, the seller assumes transportation and related charges either by payment or allowance.

VII. Patent Indemnity

The contractor guarantees to hold the County, its agents, officers or employees harmless from liability of any nature or kind for use of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, articles or appliances furnished or used in the performance of the contract, for which the contractor is not the patentee, assignee or licensee.

VIII. Award

Award will be made to the highest scoring responsive and responsible proposer according to the criteria stated in the proposal documents. The County may make such investigations as it deems necessary to determine the ability of the proposer to perform, and the proposer shall furnish to the County all such information and data for this purpose as the County may request. The County reserves the right to reject any proposal if the evidence submitted by, or investigations of such proposer fails to satisfy the County that such proposer is properly qualified to carry out the obligations of the contract.

The County reserves the right to reject or accept any or all proposals and to waive technicalities, informalities and minor irregularities in the proposals received. The County reserves the right to make an award as deemed in its best interest which may include awarding a proposal to a single proposer or multiple proposers; or to award the whole proposal, only part of the proposal, or none of the proposal to single or multiple proposers, based on its sole discretion of its best interest.

Time payment discounts will be considered in arriving at net prices and in award of proposal.

IX. County Furnished Property

The County will furnish no material, labor or facilities unless so provided in the RFP.

X. Rejection of Proposals

Failure to observe any of the instructions or conditions in this request for proposal may constitute grounds for rejection of proposal.

XI. Contract

Each proposal is received with the understanding that the acceptance in writing by the County of the offer to furnish any or all of the commodities or services described therein shall constitute a contract between the proposer and the County which shall bind the proposer on his part to furnish and deliver the articles quoted at the prices stated in accordance with the conditions of said accepted proposal. The County, on its part, may order from such contractor, except for cause beyond reasonable control, and to pay for, at the agreed prices, all articles specified and delivered.

Upon receipt of a proposal containing a Cobb County "Sample Contract" as part of the requirements, it is understood that the proposer has reviewed the documents with the understanding that Cobb County requires that all agreements between the parties must be entered into via these documents. If any exceptions are taken to any part, each exception must be stated in detail and submitted as part of the proposal document. If no exceptions are stated, it is assumed that the proposer fully agrees to the "Sample Contract" in its entirety. The County reserves the right to make changes to the "Sample Contract".

XII. Delivery Failures

Failure of a contractor to deliver within the time specified or within reasonable time as interpreted by the Purchasing Director, or failure to make replacements of rejected articles/services when so requested, immediately or as directed by the Purchasing Director, shall constitute authority for the Purchasing Director to purchase in the open market or rebid for articles/services of comparable grade to replace the articles/services rejected or not delivered. On all such purchases, the contractor shall reimburse the County within a reasonable time specified by the Purchasing Director for any expense incurred in excess of contract prices, or the County shall have the right to deduct such an amount from monies owed the defaulting contractor. Alternatively, the County may penalize the contractor one percent (1%) per day for a period of up to ten (10) days for each day that delivery or replacement is late. Should public necessity demand it, the County reserves the right to use or consume articles/services delivered which are substandard in quality, subject to an adjustment in price to be determined by the Purchasing Director.

XIII. Non-Collusion

By submission of a proposal, the proposer certifies, under penalty of perjury, that to the best of its knowledge and belief:

- (a) The prices in the proposal have been arrived at independently without collusion, consultation, communications, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other vendor or with any competitor.
- (b) Unless otherwise required by law, the prices which have been quoted in the proposal have not been knowingly disclosed by the proposer prior to opening, directly or indirectly, to any other proposer or to any competitor
- (c) No attempt has been made, or will be made, by the proposer to induce

any other person, partnership or corporation to submit or not to submit a proposal for the purpose of restricting competition.

Collusion and fraud in bid preparation shall be reported to the State of Georgia Attorney General and the United States Justice Department.

XIV. Conflict Of Interest, Etc.

By submission of a proposal, the proposer certifies, under penalty of perjury, that to the best of its knowledge and belief:

1. No circumstances exist which cause a Conflict of Interest in performing the services required by this RFP, and
2. That no employee of the County, nor any member thereof, nor any public agency or official affected by this RFP, has any pecuniary interest in the business of the responding firm or his sub-consultant(s) has any interest that would conflict in any manner or degree with the performance related to this RFP.

The responding firm also warrants that he and his sub-consultant(s) have not employed or retained any company or person other than a bona fide employee working solely for the responding firm or sub-consultant(s) to solicit or secure a contract agreement with Cobb County, as related to this RFP, and that he and his sub-consultant(s) have not paid or agreed to pay any person, company, corporation, individual, or firm other than a bona fide employee working solely for the responding firm or his sub-consultant(s) any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award of this Agreement.

For any breach or violation of this provision, the County shall have the right to terminate any related contract or agreement without liability and at its discretion to deduct from the price, or otherwise recover, the full amount of such fee, commission, percentage, gift, payment or consideration.

The successful responding firm shall require each of its sub-consultant(s) to sign a statement certifying to and agreeing to comply with the terms of the subsections above.

XV. Default

The contract may be cancelled or annulled by the Purchasing Director in whole or in part by written notice of default to the contractor upon non-performance or violation of any contract term. An award may be made to the next highest rated responsive and responsible proposer, or articles specified may be purchased on the open market similar to those terminated or the County may issue a new Request for Proposal. In any event, the defaulting contractor (or his surety) shall be liable to the County for costs to the County in excess of the defaulted contract prices; provided, however, that the contractor shall continue the performance of this contract to the extent not terminated under the provisions of this clause. Failure of the contractor to deliver materials or services within the time stipulated on its proposal, unless extended in writing by the Purchasing Director, shall constitute contract default.

XVI. Disputes

Except as otherwise provided in the contract documents, any dispute concerning a question of fact arising under the contract which is not disposed of shall be decided after a hearing by the Purchasing Director who shall reduce his/her decision to writing and mail or otherwise furnish a copy thereof to the contractor. The decision of the Purchasing Director shall be final and binding, however, the contractor shall have the right to appeal said decision to a court of competent jurisdiction.

XVII. Substitutions

Proposers offering and quoting on substitutions or who are deviating from the attached specifications shall list such deviations on a separate sheet to be submitted with their proposal. The absence of such a substitution list shall indicate that the proposer has taken no exception to the specifications contained therein.

XVIII. Ineligible Proposers

The County may choose not to accept the proposal of one who is in default on the payment of taxes, licenses or other monies owed to the County. Failure to respond three (3) consecutive times for any given commodity may result in removal from the list under that commodity.

XIX. General Information

Sealed proposals, with original signatures, will be accepted by the County Purchasing Department at the time, place, and date specified. One (1) original and five (5) copies of the proposal must be submitted, complete with a cover letter signed by an official within the organization who has authority over project negotiation.

These proposals must be in accordance with the purposes, conditions, and instructions provided in this RFP. The Cobb County Board of Commissioners assumes no responsibility for proposals received after the submission time, whether due to mail delays or any other reason. Proposals received after the submission time will be filed unopened and considered non-responsive.

As previously stated under IV, unsigned proposals will not be considered.

Cobb County reserves the right to retain all proposals submitted, and to use any idea in any proposal regardless of whether that proposal is selected. All work performed by the successful respondent shall be performed in compliance with the Americans With Disabilities Act.

XXI. Uniformity of Proposal

To facilitate comparative analysis and evaluation of proposals it is desired that a uniform format be employed in structuring each proposal. The respondent's degree of compliance with the requirements of the RFP will be a factor in the subsequent point-based evaluation of the proposal. Proposals with major deviations or omissions may not be considered for detailed

study. Proposals will become part of the contract with Cobb County should they be selected under the RFP.

XXII. Request Additional Information

Inquiries that must be answered in regards to the Proposal procedures or technical matters must be submitted in writing via U.S. Mail or facsimile or email to:

Cobb County Purchasing Division
1772 County Services Parkway
Marietta, Georgia 30008-4021
Fax: (770) 528-1154
Email: purchasing@cobbcounty.org

Cobb County will not orally or telephonically address any question or clarification regarding specifications or procedures. Cobb County is not bound by any oral representations, clarifications, or changes made to the written specification by County employees, unless such clarification or change is provided to the respondent in written addendum from Cobb County.

XXIII. Firm Prices

Prices quoted by proposal shall be firm and best prices. Prices quoted must be valid for a minimum of ninety (90) days from the date of bid opening.

XXIV. Proposal/Presentation Costs

The cost for developing a proposal will be borne by the respondent. Cobb County is not liable for any costs incurred by the respondent in preparation and/or presentation of proposals in response to this RFP or for travel and other costs related to this RFP.

XXV. Proposal Format

Presentation of the relevant information is at the discretion of the respondent; however, the proposal must address all items identified in Section Titled, Proposal Requirements. To assist in the evaluation of proposals resulting from the RFP, it is recommended that each proposal be written in a concise and forthright manner and that unnecessary marketing statement and materials be avoided.

XXVI. Indemnification/Hold Harmless

By submission of a proposal, the selected responding firm agrees to indemnify Cobb County to the fullest extent permitted by law, protect, defend, indemnify and hold harmless Cobb County, its officers, officials, employees and volunteers from and against all claims, actions, liabilities, losses (including economic losses), or costs arising out of any actual or alleged a) bodily injury, sickness, disease, or death; or injury to or destruction of tangible property including the loss of use resulting there from; or any other damage or loss arising out of or resulting claims resulting in whole or part from any actual or alleged act or omission of the responding firm, sub-consultant, anyone directly or indirectly employed by any of them; or anyone for whose acts

any of them may be liable in the performance of work; b) violation of any law, statute, ordinance, governmental administrative order, rule, regulation, or infringements of patent rights or other intellectual property rights by the responding firm in the performance of work; or c) liens, claims or actions made by the responding firm or other party performing the work, as approved by Cobb County.

The indemnification obligations herein shall not be limited to any limitation on the amount, type of damages, compensation, or benefits payable by or for the responding firm or its sub-consultant(s), as approved by the County, under workers' compensation acts, disability benefit acts, other employee benefit acts, or any statutory bar or insurance.

XXVII. Proposal Evaluation

The Evaluation process will address current requirements and consider possible future operation and maintenance needs. Both objective and subjective rationale will be involved in the decision process.

1. Evaluation Responsibility

A selection committee will coordinate the review of all proposals and will submit a recommendation to the County Manager and Board of Commissioners.

2. Presentations

During the evaluation process, the members of the selection committee may require that responding firms conduct a presentation. If required, these presentations will be scheduled in advance and limited in time. Location of the presentations will be pre-arranged.

3. Evaluation Criteria

The County will use a specific set of criteria for the qualitative evaluation of competitive proposals. The structure of the evaluation will be to assign points to each response in a number of categories. A non-response to a specific category will result in no points being awarded for that category. Final rankings will be based on a combination of price and qualitative factors.

See Page 10 Section, "Method of Evaluation"

All proposal requirements must be met, or capable of being met by the responding firm or the proposal will be disqualified as non-responsive. It is extremely important that project schedules are met. Only those firms or teams with the necessary resources and a commitment to complete all project work on schedule should submit a Proposal.

XXVIII. Multi-Year Contract Provisions

The successful respondent will be required to enter into a contract containing the provisions as required by Georgia law pertaining to multi-year contracts. The following is a sample of the provision and will be adjusted as to the term or as to the length of the contract.

This contract shall terminate absolutely and without further obligation on the part of Cobb County at the close of the calendar year in which it was executed, and at the close of each succeeding calendar year for which it may be renewed as provided in O.C.G.A. Section 36-60-13. The contract shall automatically renew for each of the remaining calendar years provided for in the contract, unless positive action is taken by Cobb County to terminate such contract,

and the nature of such action shall be written notice provided to the consulting firm within sixty (60) days before the end of the initial year of the contract or each succeeding remaining calendar year.

This contract shall terminate immediately and absolutely at such time as appropriated and otherwise unobligated funds are no longer available to satisfy the obligations of Cobb County under this contract.

XXIX. Proposal Requirements

The respondents must demonstrate competence and experience in the area of expertise outlined in this Request for Proposal.

If required, respondents must demonstrate competence and experience in public speaking and graphic presentations for the purpose of conveying project information to large and diverse community groups. Respondents should also be able to demonstrate the ability to build consensus among public and private interest groups related to this project.

XXX. Cover Letter/Executive Summary

Respondents shall provide a cover letter or letter of transmittal to briefly summarize the company's interest and relevant qualifications for the project. This letter shall not exceed two (2) pages, and shall be signed by an agent of the responding firm who is authorized to negotiate the details of the proposed services.

XXXI. Project Team

Respondents shall provide an organizational chart for the proposed project team, as well as the relevant background and experience for every proposed team member.

XXXII. Special Terms And Conditions

Should these General Terms and Conditions be in conflict with any attached Special Terms and Conditions, the Special Terms and Conditions will control.

A Disadvantaged Business Enterprise (DBE) is generally defined as a Female, Black American, Hispanic American and any other minority owned business. The Federal Government has long had program in place to ensure participation of DBE vendors and suppliers. The State of Georgia has established a similar program whereby DBE firms are defined, certified and made known. This effort is managed by the Georgia Department of Transportation (GDOT). More information can be obtained from GDOT web site:

1. <http://www.dot.state.ga.us/eeo-div/index.shtml>

The Cobb County Government addresses DBE business participation (frequency and dollar value) in the following ways:

1. Cobb County wishes to identify all DBE participation; both at the contractor and sub-contractor levels in the following ways.
 - a. DBE businesses are requested to identify such status at the time they register as a vendor.
 - b. DBE businesses are requested to identify themselves at the time they propose to do business. Please complete **EXHIBIT B** if applicable and return with bid submittal.
 - c. All businesses will receive with each Purchase Order an instruction sheet for use of the furnished *Cobb County Government DBE Participation Report*, **EXHIBIT C**. Businesses are requested to complete this report and submit it with each invoice for the time period billed.
2. Cobb County has established a Disadvantaged Business Enterprise Plan in accordance with the regulations of the U.S. Department of Transportation (U. S. Department of Transportation (USDOT), 49 CFR Part 26.) The Cobb County Department of Transportation is the lead agency for implementing the USDOT DBE Program for the County.

The Plan applies only to projects which are clearly indicated by the County.

NEW YORK MARINE AND GENERAL INSURANCE COMPANY SPECIFIC EXCESS & AGGREGATE EXCESS WORKERS COMPENSATION AND EMPLOYERS LIABILITY INDEMNITY POLICY

In consideration of the payment of the premium and in reliance upon all statements made in the Application for this insurance and subject to all terms of this Policy, the Company agrees with the Insured as follows:

GENERAL SECTION

A. **Self-Insurance.**

Acceptance of this Policy indicates that the Insured is now and will remain until the end of the Policy Period a duly qualified self-insurer in each state(s) named in Declarations Item 3.

In the event the Insured should, at any time this Policy is in force, terminate the Insured's qualification as a self-insurer or should the Insured's qualification be cancelled or revoked, coverage under this Policy shall be immediately suspended effective from the date that the Insured loses such qualification.

B. **The Policy.**

This Policy includes the Declarations and the endorsements, if any, listed in Declarations Item 14. It is a contract of insurance between the Insured (the Insured named in Declarations Item 1) and the Company (the Insurer named on the Declarations). The only agreements relating to this insurance are stated in this Policy. The terms of this Policy may not be changed or waived except by written endorsement issued by the Company to be a part of this Policy. Endorsements, if any, apply with respect to accidents, disease or cumulative injury exposures occurring at or after 12:01 A.M. on effective date of the endorsement.

The Company considers statements made by the Insured in the Application to be representations. The Company may contest a loss paid by the Insured if the Company relied on a material misrepresentation in the Application.

C. **Policy Period.**

Policy Period means the period of time covered by this Policy as shown in Declarations Item 5. If this Policy is cancelled, the Policy Period will end at 12:01 A.M. on the effective date of cancellation.

D. **Workers Compensation Law.**

Workers Compensation Law includes occupational disease law or cumulative injury law. It does not include the provisions of any law that provide non-occupational disability benefits, Jones Act or any other Federal Act(s) or State Act(s), unless the application of those laws is incidental and has been approved in writing by the Company.

E. **Accident.**

Accident means an accident or series of accidents arising from a single occurrence.

F. **Occurrence.**

An occurrence is a fortuitous event of limited duration taking place at one specific location. No event that exceeds twenty-four (24) hours in duration shall be considered to be an event of limited duration. Should an event exceed twenty-four hours in duration, each twenty-four (24) hour period shall be deemed to be a separate occurrence. With respect to losses arising from a cumulative injury or occupational disease, the loss to each employee shall be deemed to have resulted from a separate occurrence.

A. How This Part Applies.

Part One applies to loss paid by the Insured because of liability imposed upon the Insured by the workers compensation law and occupational disease law of any state(s) named in Declarations Item 3.

Part One also applies to loss paid by the Insured because of liability imposed upon the Insured by the workers compensation law of any other state(s) which is not shown in Declarations Item 4, but does not apply to any federal workers compensation law or any federal occupational disease law or the provisions of any law that provides nonoccupational disability benefits.

Liability must result from bodily injury by accident or bodily injury by disease sustained by an employee the Insured regularly employed in a state(s) named in Declarations Item 3.

B. The Insured's Specific Retention.

The Insured must retain loss as shown in Declarations Item 7. The Insured's retention applies to Part One loss and to Part Two loss together. The Insured's retention for bodily injury by accident applies to each accident, or series of accidents arising out of or caused by a single occurrence, whether such accident involves bodily injury to only one or more than one employee. The Insured's retention for disease and cumulative injury applies separately to each employee. Naming more than one Insured in Declarations Item 1 does not increase the Insured's retention.

C. The Company's Agreement to Indemnify.

Subject to the limits of liability, the Company will indemnify the Insured for loss in excess of the Insured's retention. This indemnity may be reduced by a late reporting or independent contractor penalty.

D. The Company's Specific Limit.

The Company's Total Limit applies to Part One and Part Two loss together. The maximum amount of loss the Company will indemnify the Insured for with respect to each accident or series of accidents arising out of one event is shown in Declarations Item 8(a). The maximum amount of loss the Company will indemnify the Insured for with respect to each employee for disease or cumulative injury is shown in Declarations Item 9(a). Naming more than one insured in Declarations Item 1 does not increase the Company's limit.

E. The Insured's Retention For Aggregate Coverage.

The amount of loss the Insured must retain as a result of all accidents, disease and cumulative injury exposures occurring during the Policy Period is shown in Item 10. This retention applies to Part One loss and Part Two loss together. If no amount is shown in Item 10, Insured shall have no aggregate retention and Insured's specific retention shall apply to each loss. In calculating the Insured's aggregate retention, loss pertaining to each accident, disease or cumulative injury will be limited to the respective amount shown in Declarations Item 7. Unless the Company cancels this policy, the Insured's aggregate retention will not be less than the minimum retention shown in Declarations Item 10 (c). If the Company cancels this policy, Insured's aggregate retention will not be less than the pro rata portion of minimum aggregate retention in Item 10 (c). Naming more than one Insured in Declarations Item 1 does not increase the Insured's retention.

Normal Premium is calculated as shown in Declarations Item 16 and is adjustable at audit; however the Insured's aggregate retention will never be less than the minimum retention listed under Item 10 (c).

F. The Company's Aggregate Indemnity.

The Company will indemnify the Insured for loss paid by the Insured in excess of the Insured's aggregate retention as a result of all accidents, disease, and cumulative injury exposures occurring during the policy period. In calculating the Company's indemnity, loss pertaining to each accident, disease or cumulative injury will be limited to the respective amount shown in Declarations Item 7.

G. The Company's Aggregate Limit.

The most loss the Company will indemnify the Insured for as a result of all accidents, disease and cumulative injury exposures occurring during the policy period is shown in Declarations Item 11. This limit applies to Part One loss and Part Two loss together. Naming more than one Insured in Declarations Item 1 does not increase the Company's limit.

H. Loss.

Loss means the amount actually paid by the Insured for benefits provided under the workers compensation law in effect upon the date the bodily injury occurs. Loss includes:

1. The amount paid by the Insured in settlement of claims for benefits under the workers compensation law;
2. The amount paid by the Insured in satisfaction of awards or judgments for benefits under the workers compensation law;
3. The amount reserved by the Insured subject to the agreed value of claims, suits, or proceedings as determined in accordance with any Commutation and Capitalization Endorsement, if any; and,
4. Court costs, interest upon awards and judgments, and allocated investigation, adjustment and legal expenses pertaining to workers compensation claims. This subparagraph 4 does not include:
 - a. Salaries paid to the Insured's employees;
 - b. Service company fees;
 - c. Claims administration fees;
 - d. Sanctions, fines, penalties or punitive, multiple, or exemplary damages.

I. Exclusions.

Part One does not cover;

1. Loss insured by any other workers compensation or employers liability insurance, except with respect to insurance that applies specifically in excess of the limits set forth in Declarations Items 8 and 9;

3. Punitive, exemplary or compensatory damages because of the Insured's conduct, or the conduct of anyone acting for the Insured for which the Insured may be held responsible;
 - a. In the investigation, trial or settlement of any workers compensation claim;
 - b. In failing to pay or delay in payment of any workers compensation claim; or,
 - c. On account of violation of any State or Federal Statute or regulation;

7. Bodily injury to a master or member of the crew of any vessel; or
8. Claims arising from radioactive contamination whether directly or indirectly.
9. Loss payable under the workers compensation law of any state(s) not named in Declarations Item 3.

J. Payments the Insured must make.

The Insured is responsible (without indemnification from the Company) for any payments in excess of the benefits provided by the workers compensation law including those required because:

1. Of the Insured's serious and willful misconduct;
2. The Insured knowingly employed an employee in violation of law;
3. The Insured failed to comply with a health or safety law or regulation; or
4. The Insured discharged, coerced or otherwise discriminated against any employee in violation of the workers compensation law.

K. Other Insurance

If any other insurance exists protecting the Insured against loss covered by this insurance, this insurance shall apply in excess of the other insurance. The foregoing shall not apply to any insurance that is specifically in excess of the limits set forth in Declarations Items 8, 9 and 11.

L. Recovery from Others.

The Company has the Insured's rights, and the rights of persons entitled to compensation benefits from the Insured, to recover the Company's indemnity from anyone liable for the bodily injury covered by this Policy. The Insured will do everything necessary to protect those rights for the Company and to help the Company enforce them. The recovered amounts remaining, after deducting the Company's recovery expenses, will first be used to reduce the Company's loss. Then the Company will pay the balance, if any, to the Insured.

PART TWO - EMPLOYERS LIABILITY

A. How This Part Applies.

Part Two applies to loss for damages imposed upon the Insured for employers liability, other than workers compensation, by the law of any state(s) shown in Declarations Item 3. Part Two also applies to loss for damages imposed upon the Insured by the law of any other state(s) which is not shown in Declarations Item 4.

Damages must result from bodily injury sustained by an employee which the Insured employed, at the time of the bodily injury, in a state(s) named in Declarations Item 3.

B. The Insured's Specific Retention.

The Insured must retain loss as shown in Declarations Item 7. The Insured's retention applies to Part One and to Part Two loss together. The Insured's retention for bodily injury by accident applies to each accident, or series of accidents arising out of or caused by a single occurrence whether such accident involves bodily injury to only one or more than one employee. The Insured's retention for disease and cumulative injury applies separately to each employee. Naming more than one Insured in Declarations Item 1 does not increase the Insured's retention.

C. The Company's Agreement to Indemnify.

Subject to the limit of liability set forth in the Declarations, the Company will indemnify the Insured for loss in excess of the Insured's retention. This indemnity may be reduced by a late reporting or independent contractor penalty.

D. The Company's Specific Limit.

The Company's Total Limit applies to Part One and Part Two loss together. The maximum amount of loss the Company will indemnify the Insured for with respect to each accident or series of accidents arising out of one event is shown in Declarations Item 8(b). The maximum amount of loss the Company will indemnify the Insured for with respect to each employee for damage or cumulative injury is shown in Declarations Item 9(b). Naming more than one insured in Declarations Item 1 does not increase the Company's limit.

E. The Insured's Retention For Aggregate Coverage.

The amount of loss the Insured must retain as a result of all accidents, disease and cumulative injury exposures occurring during the Policy Period is shown in Item 10. This retention applies to Part One loss and Part Two loss together. If no amount is shown in Item 10, Insured shall have no aggregate retention and Insured's specific retention shall apply to each loss. In calculating the Insured's aggregate retention, loss pertaining to each accident, disease or cumulative injury will be limited to the respective amount shown in Declarations Item 7. Unless the Company cancels this policy, the Insured's aggregate retention will not be less than the minimum retention shown in Declarations Item 10 (c). If the Company cancels this policy, Insured's aggregate retention will not be less than the pro rata portion of minimum aggregate retention in Item 10 (c). Naming more than one Insured in Declarations Item 1 does not increase the Insured's retention.

Normal Premium is calculated as shown in Declarations Item 16 and is adjustable at audit; however the Insured's aggregate retention will never be less than the minimum retention listed under Item 10 (c).

F. The Company's Aggregate Indemnity.

The Company will indemnify the Insured for loss paid by the Insured in excess of the Insured's aggregate retention as a result of all accidents, disease, and cumulative injury exposures occurring during the policy period. In calculating the Company's indemnity, loss pertaining to each accident, disease or cumulative injury will be limited to the respective amount shown in Declarations Item 7.

G. The Company's Aggregate Limit.

The most loss the Company will indemnify the Insured for as a result of all accidents, disease and cumulative injury exposures occurring during the policy period is shown in Declarations Item 11. This limit applies to Part One loss and Part Two loss together. Naming more than one Insured in Declarations Item 1 does not increase the Company's limit.

H. Loss.

Loss means the amount actually paid by the Insured for damages imposed upon the Insured by law provided that these damages are the direct consequence of bodily injury that arises out of and in the course of the injured employee's employment by the Insured. Loss includes:

1. The amount paid by the Insured in settlement of claims for legal damages;
2. The amount paid by the Insured in satisfaction of awards or judgments for damages;
3. The amount reserved by the Insured subject to the agreed value of claims, suits or proceedings as determined in accordance with any Commutation and Capitalization Endorsement, if any; and

 - a. Salaries paid to the Insured's employees;
 - b. Service company fees;
 - c. Claims administration fees; or
 - d. Sanctions, fines, penalties or punitive, multiple, or exemplary damages.

I. Exclusions.

Part Two does not cover:

1. Liability assumed under a contract;
2. Punitive or exemplary damages because of bodily injury sustained by an employee;
3. Punitive, exemplary or compensatory damages because of the Insured's conduct, or the conduct of anyone acting for the Insured for which the Insured may be held responsible:
 - a. In the investigation, trial or settlement of any employers liability claim;
 - b. In failing to pay or delay in payment of any employers liability claim; or
 - c. On account of violation of any State or Federal statute or regulation;

This includes any loss payable under the provisions of the Federal Employers' Liability Act or the Jones Act;
6. Bodily injury intentionally caused or aggravated by the Insured. This exclusion does not apply to claim expenses (listed in subparagraph 4. of the definition of Loss) related to the injury;
7. Damages arising out of employment discharge or discrimination, refusal to hire, failure to promote, termination, demotion, discipline, defamation, invasion of privacy, coercion of an employee to perform an unlawful act, sexual harassment, verbal, physical, mental or emotional abuse, or any other personnel practices, policies, acts or omissions;
8. Loss payable under the provisions of the Racketeer-Influenced and Corrupt Organizations Act;

K. Recovery from Others.

The Company has the Insured's rights to recover the Company's indemnity from anyone liable for a bodily injury covered by this Policy. The Insured will do everything necessary to protect those rights for the Company and to help the Company enforce them. The recovered amounts remaining after deducting the Company's recovery expenses will first be used to reduce the Company's loss. Then the Company will pay the balance, if any, to the Insured.

PART THREE - CLAIMS

A. The Insured's Claims Handling Duties.

It is the Insured's responsibility to investigate, settle, defend and appeal any claim made against the Insured. It is also the Insured's responsibility to investigate, settle, defend and appeal any suit brought or other proceeding instituted against the Insured.

The Insured agrees that it is a condition of coverage that, as a self-insurer, the Insured shall have the same legal duties and obligations with regard to the Company that a primary insurer owes to an excess insurer. These duties and obligations shall include:

1. A duty to act at all times in good faith;
2. A duty to accept all reasonable settlement demands within the retention;
3. A duty to explore reasonable settlement possibilities even in the absence of a settlement demand; and,
4. A duty to promptly remit the Insured's portion of any settlement amount and adjustment expenses in order to effectuate a settlement. Failure to promptly remit amounts due within the retention in connection with settlements, judgments and loss adjustment expenses under this Policy or any policy of which this Policy is a renewal shall be deemed to be non-payment of premium.

B. The Insured's Claims Reporting Duties.

The Insured must give the Company written notice, on forms approved by the Company, through the Company's representative as soon as the Insured learns of:

1. Any occurrence, claim, suit or proceeding for which the estimated amount of loss, including legal fees and expenses, equals 50% or more of the retention set forth in Declarations Item 7 or \$100,000, whichever amount is the lesser; or
2. Any claim, suit or proceeding that appears to involve indemnity by the Company;
3. Any occurrence, claim, award, or proceeding judgment which the incurred is 50% of the retention or greater;
4. Any occurrence which causes serious injury to two or more employees;
5. Any case involving:
 - a. Amputation of a major extremity;
 - b. Brain or spinal cord injury;
 - c. Death;
 - d. Disability for a period of nine months or more;
 - e. Permanent total disability as defined in the Workers' Compensation Act of the applicable state named in the Declarations;
 - f. Any second or third degree burn of 25% or more of the body;
 - g. Multiple or serious fracture;
 - h. Loss of sight or hearing;
 - i. Crushing or massive internal injury;

- j. The reopening of any case in which further award might involve liability of the Company; and
- k. Any case where the claimant has been on temporary total disability (TTD) for a period of one year.
- l. Hospitalization of more than one (1) month.
- m. The Insured's report of loss shall include written notice containing particulars sufficient to identify the employee(s) and provide reasonably obtainable information with respect to the time, place and circumstances of loss, including the identity of any known witnesses.

C. Claims Information.

The Insured agrees to send to the Company any claims information which the Company may request. Within 20 days after the end of each Loss Reporting Period, as stated in Declarations Item 6, the Insured (or the Insured's claims administrator) must send the Company a currently valuated loss report (in a format satisfactory to the Company) including the claims paid by the Insured during the policy period and the Insured's reserves on all unpaid open claims. The claims listing will include individual claim information such as: date of injury; claim payments and reserves; loss description including body part, nature and cause; loss adjustment expenses paid and reserved; and claimant name.

D. Audit.

The Insured will let the Company or the Company's representatives examine and audit all the Insured's claim records. The audits may be conducted during the Insured's regular business hours.

E. Claims Participation by the Company.

At the Company's own election and expense, the Company has the right, but not the obligation, to participate with the Insured in the settlement, defense or appeal of any claim, suit or proceeding which might involve a loss to the Company.

F. Settlements.

The Insured agrees not to make any voluntary settlement involving loss in excess of the retention set forth in Declarations Item 7 without the Company's, or the Company representative's, prior written consent.

PART FOUR - PREMIUM

A. Deposit, Minimum, and Adjustment Premiums.

At the beginning of the Policy Period the Insured must pay the Company the deposit premium shown in the Declarations Item 12(b).

The Minimum Premium shown in Declarations Item 12(a) is not subject to adjustment. This Minimum Premium is fully earned at inception, except if the Policy is cancelled as of the inception date, shown in Declarations Item 5(a).

At the end of the Policy Period either:

- 1. The Insured will remit to the Company the amount by which the final premium is greater than the deposit premium; or
- 2. The Company will remit to the Insured the amount by which the deposit premium is greater than the final premium but not less than the Minimum Premium shown in Declarations Item 12(a).

**NEW YORK MARINE AND GENERAL INSURANCE COMPANY
SPECIFIC EXCESS & AGGREGATE EXCESS WORKERS COMPENSATION AND
EMPLOYERS LIABILITY INDEMNITY POLICY**

B. Payroll Report.

Within 45 days after the end of the Policy Period, the Insured must send the Company a report (in a format satisfactory to the Company) showing the amount of payroll earned by the Insured's employees during the Policy Period. The Company may, at the Company's election, require periodic reports during the Policy Period.

C. Final Premium.

The final premium due the Company for the Policy Period will be computed as shown in Declarations Item 12, but amended as a result of the Insured's final payroll report and the Company audit. Unless this Policy is cancelled, final premium will be at least the minimum premium shown in the Declarations.

If the Company cancels this Policy, final premium will be calculated pro rata based on the time this Policy was in force. Final premium will not be less than the pro rata share of the minimum premium.

If the Insured cancels this Policy, final premium will be more than pro rata; it will be based on the time this Policy was in force, and increased by the customary short rate table and procedure. Final premium will not be less than the short rate portion of the minimum premium.

D. Payroll.

Payroll means the gross pay to the Insured's employees, before any deductions other than overtime surcharges, for the Policy Period plus other amounts and items received by the Insured's employees as part of their pay for the Policy Period.

E. Records.

The Insured will keep records of information needed to compute premium. The Insured will provide the Company with copies of those records when the Company asks for them.

F. Audit.

The Insured will let the Company or the Company's representatives examine and audit all the Insured's payroll records as they relate to this Policy. The audits may be conducted during the Insured's regular business hours.

PART FIVE - CONDITIONS

A. Agreement upon Terms.

The Insured's acceptance of this Policy means that the Insured agrees with the Company upon the terms of this Policy.

B. Sole Representative.

The Insured first named in Declarations Item 1 will act on behalf of all insureds to change this Policy, to accept indemnity payments, to receive return premium and to give or receive notice of cancellation.

C. Bankruptcy or Insolvency.

The Insured's bankruptcy or insolvency will not relieve the Company from the payment of any claim covered by this Policy. However, this Policy provides excess coverage only. In the event of the Insured's bankruptcy or insolvency, the Company shall be under no liability whatsoever to indemnify anyone for loss which is not in excess of the retention amount set forth in Declarations Item 7, with a maximum liability as set forth in Declaration Items 8, 9, and 11.

**NEW YORK MARINE AND GENERAL INSURANCE COMPANY
SPECIFIC EXCESS & AGGREGATE EXCESS WORKERS COMPENSATION AND

D. Transfer of the Insured's Rights and Duties.

The Insured's rights or duties under this Policy may not be transferred without the Company's written consent. This provision does not apply to duties transferred to a Claims Service Company.

E. Claims Service and Administration.

This Policy contemplates the concurrent and continued existence of a separate service agreement between the Insured and the Claims Service Company(ies) acceptable to the Company named in Declarations Item 13. The performance of such services shall not constitute any understanding on behalf of the Company, nor relieve the Insured of any of the Insured's obligations under this Policy.

The Insured must obtain prior written approval from the Company for any change in Claims Service Company, otherwise the change shall operate as notice of cancellation of this Policy by the Insured.

If the Insured is a self-administered account, the provisions of this Section do not apply.

F. Inspections and Surveys.

The Company has the right but is not obligated to:

1. Make inspections and surveys at any time during the Insured's regular business hours;
2. Give the Insured reports on the conditions the Company finds; and
3. Recommend changes to the Insured's workers compensation-related procedures.

Any inspections, surveys, reports or recommendations relate only to insurability of the Insured and the premiums to be charged. The Company does not make safety inspections. The Company does not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public.

The Company does not warrant that conditions:

1. Are safe or healthful; or
2. Comply with laws, regulations, codes or standards.

This condition applies not only to the Company, but also to any rating, advisory, rate service or similar organization which makes insurance inspections, surveys or reports.

G. Service of Suit Clause (U.S.A.)

It is agreed that in the event of the Company's failure to pay any amount claimed to be due hereunder the Company, at the Insured's request, will submit to the jurisdiction of a court of competent jurisdiction within the United States. Nothing in this Article constitutes or should be understood to constitute a waiver of the Company's right to commence an action in any court of competent jurisdiction in the United States, to remove an action to a United States District Court, or to seek a transfer of a case to another court as permitted by the laws of the United States or of any State in the United States. It is further agreed that service of process in such suit may be made upon the representative listed in Declarations Item 15, and that in any suit instituted against the Company upon this Policy, the Company will abide by the final decision of such court or of any Appellate court in the event of an appeal.

The representative named in Declarations Item 15 is authorized and directed to accept service of process on the Company's behalf in any such suit and/or upon the Insured's request to give a

written undertaking to the Insured that they will enter a general appearance upon the Company's behalf in the event such a suit shall be instituted.

Further, pursuant to any statute of any state, territory or district of the United States which makes provision therefore, the Company hereby designates the Superintendent, Commissioner or Director of Insurance, or other officer specified for that purpose in the statute or his successor or successors in office, as the Company's true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by the Insured, or on the Insured's or any beneficiary's behalf, hereunder arising out of this Policy, and hereby designates the above-named as the person to whom said officer is authorized to serve such process or a true copy thereof.

H. Cancellation.

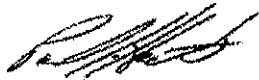

The Insured may cancel this Policy by giving the Company, through the Company's representative as stated in the Declarations Item 15, at least 30 days advance notice by registered mail stating the cancellation date. The Company may cancel this Policy by giving the Insured at least 30 days advance notice by registered mail stating the cancellation date. The Company's mailing of registered notice to the Insured's address shown in Declarations Item 2(a) will be sufficient proof that the Company cancelled this Policy.
